They have worked through communal organizations until today a homogeneous population with a strong sense of civic pride has been established. If You're Tired of Life ...

VIENNA, Saturday (Resitar).

People who are tired of life in Vienna today are invited to ring a cartain telephone number.

Realizing from the statistics of recent years that New Year's eve and New Year's day are favourite times for people to commit suicide, Caritaa, the Catholic welfare organisation, has arranged for a priest to be on duty day and night at this telephone number. Anyone who doubts that life is worth living will receive advice which should give them, the advertisement published yesterday said, "courser to live."

Threatening Letters By Galem, M. was sentenced on Friday to two years' imprisonment by the Acting President of the Jerusalem District Court. Judge Benry Baker, for sending letters threatening to murder District Court Judge, M. Goian, Assistant State Attorney, Mrs. M. Ben-Porat, and the Nahariya hotelier, Mrs. Tutit Loewi.

The letters were sent in March, 1983, and the accused was detained at the time. He was subsequently sent to hospital for psychiatric examination but escaped and was recaptured only six months later.

The Assistant State Attorney stated that the accused was mentally unbalanced when he committed the offence.

The time the accused has spent in prison will be deducted from the two year sentence, but added to it will be a year and a half imprisonment for falsifying an identity card, and using it after his escape from hospital, where he had left all his documents.

Ali, Nehru Explain Israel's Exclusion

DJAKARTA, Beturday, — The Pakistan Premier, Mr. Mohammed All, stated posterday that Israel was not invited to the Afro-Asian conference because the Arab Middle East nations are "legally at war" with her. It was not any "sacrifice in principle" on the part of the Colombo powers when they did not extend an invitation to Jerael, he added

ence by any one nation of the conference next April would not constitute endorsement or recognition of that nation by any other.

Pakistan, he said was at first reluctant to invite China to the conference and she is "sometimes doubtful of the wisdom of having invited China."

At a press conference in Calcutta, Indian Prims Hinister Nehru said that Israel fulfilled the qualifications for invitation to the conference and normally would be invited to attend.

The reason for her not being invited was not logical except for the fact that the conference wanted to proceed on a basis of unanimity. As various objections were raised, it had been decided to make an exception and not to invite Israel.
